Initial Exchange Fee 0.29% – One-time deposit fee. It is to cover the cost of conversion to crypto assets.

Ongoing Exchange Fee p.a. from 2.49%* – Fee for regular rebalancing and crypto asset exchanges within the portfolio to maintain its optimal composition. It also covers the costs of algorithmic investment management and taking advantage of market opportunities. The fee is charged in advance for a one-year period from the date of the first deposit and proportionally with each subsequent deposit. The renewal of the ongoing exchange fee takes place on the anniversary of the first deposit, and for the purposes of this pricing, the deposit is considered to be the current value of the respective portfolio. The fee includes the costs of portfolio rebalancing for the entire following year.

WITHDRAWAL

The minimum value for partial withdrawal is **€50**.
The minimum balance after a partial withdrawal is **€50**.

Exit Exchange Fee - Fixed 2.9% – One-time withdrawal fee in EUR or to Fumbi Credits. It is to cover the cost of conversion from crypto assets.

Exit Exchange Fee - Variable 7.9%** – One-time fee upon withdrawal, representing a share of the user's profit. The basis for calculating this fee at the time of withdrawal or transfer is the user's profit at that moment. In the case of a partial withdrawal, the fee is calculated based on either the amount of the partial withdrawal or the profit amount, whichever is lower. This fee is not charged in the event of a loss.

*according to the size of the crypto assets market, breakdown in Appendix 1 | **payable on profit only
